

DEPARTMENT OF THE ARMY

Vacancy Announcement Number: NEGE06252154

Changes to the Job Announcement: Multiple vacancies may be filled from this announcement. Positions may be filled in either the Civil or Military HTRW Sections.

Opening Date: June 30, 2006

Closing Date: July 31, 2006

Position: Environmental Protection Specialist, GS-0028-13/FPL: 13

Salary: \$77,353 - \$100,554 Annual

Place of Work: U.S. Army Engineer District, Baltimore, Engineering Division, HTRW Branch, Civil HTRW Section

Duty Station: Baltimore, MD

Position Status: This is a Permanent position. – Full Time

Number of Vacancies: 1

Duties: As Program/Project Manager, you will be responsible for the overall management, control, coordination, and execution of the environmental program and its projects. You will coordinate the planning, remedial studies, remedial designs, and removal actions, remedial actions construction, and cost engineering for Hazardous, Toxic, and Radioactive Waste (HTRW) and Munition of Concern (MEC) environmental cleanup engineering projects of considerable scope and complexity. You will integrate customer requirements and participation into a comprehensive management plan that is fully coordinated with all contributing agencies and organizations including various functional elements within the district, establishing responsibilities and setting expectations; control and manage the environmental program project's budget and schedule assuring that District commitments to the customer are met; and serve as the Districts primary point of contact for customers and other external agencies.

About the Position: Baltimore is the permanent duty station of the applicant. Projects are mainly located within the North Atlantic footprint. However, projects may be located in other U.S. Army Corps of Engineers mission areas. Although most work will be conducted for the permanent duty station in Baltimore, some travel will be required for project meetings at project sites, and for training.

The work involves unique projects with close sponsor and regulatory scrutiny because of environmental degradation. The projects have impacts on the economics of a region; the well-being of a substantial number of people; or the improvement to the existing environment.

Who May Apply:
